BEAUTY LAB

Libby Boulton's Bloom Beauty Lab is a full service spa that brings together the best that chemistry and nature have to offer. Located on the bright and airy second floor of The Station Salon, Bloom provides the perfect setting for her unique "high maintenance hippie" philosophy of self-care.

With nearly a decade of industry experience, Libby prides herself in creating customized beauty solutions for her clients. Whether it's a dermaplane treatment or a lash lift, she is meticulous in both craft and comfort. She loves to travel the world to research ancient spa techniques and innovative treatments, then bring them back to her native Tampa.

As a wife, mother, and small business owner, Libby lives by the mantra "Love what you do and you'll never work a day in your life." She also supports other female entrepreneurs by stocking her boutique with small batch products made by women in the USA, including Rosé All Day, her very own signature scrub.
